## ABSTRACT

This handout is a guide to library resources in the J. Murrey Atkins Library at the University of North Carolina-Charlotte, intended to help students find sources of criticism on literature (long fiction, short fiction, poetry, and drama) by American authors. The guide explains important reference sources in the Atkins library reference collection and how to find biographical and critical information in books and periodicals. The guide is organized in six sections: (1) General Reference Books (for any author and all forms of literature); (2) Books (on individual authors and their work); (3) Reference Works (criticism, and bibliographies and checklists); (4) Periodical Indexes; (5) Book Reviews; and (6) Periodicals and Serials List (PASL). ## REFERENCE BOOKS

### BACKGROUND INFORMATION

If you are looking for information about an author and are not sure where to begin, or if you need some basic information about a type or genre of literature, the following is a good source:

- |      |  |
|------|--|
| Ref  | <u>Oxford Companion to American Literature</u>   |
| PS   |  |
| 21   | Short "overview" type biographical sketches. A   |
| H3   | particularly useful feature of this book is the  |
| 1983 | "Chronological Index," pp. 861-896, which "is a  |
|      | year-by-year outline in parallel sequence of     |
|      | . . .social and literary history..."             |
|      |  |
| Ref  | <u>Reference Guide to American Literature</u>    |
| PS   |  |
| 129  | "The entry for each author includes a biography, |
| R44  | a complete list of the writer's published books, |
| 1987 | a selected list of bibliographies and critical   |
|      | studies on the writer, and a signed critical     |
|      | essay."  |

There are many other "companions" and "encyclopedias" to the literatures of various nationalities in the reference collection. You can look in ALADDIN under the subheading "dictionaries." Example: American literature--dictionaries.

## BOOKS

### BOOKS ON INDIVIDUAL AUTHORS

Although proper names for people and places, etc. are not included in Library of Congress Subject Headings, they can be used as subjects in ALADDIN or the card catalog. Therefore, to find biographies, books of criticism or bibliographies concerning the works of a specific author, simply type s/ (for a subject search of that author), and then enter the author's last name, first initial. At this point, scan the list of entries until you find the appropriate subheading (for example --bibliography, --criticism and interpretation, --biography)

Example:

s/baldwin,james  
 J MURRAY ATKINS LIBRARY - - - - - ALADDIN - - - - - SUBJECT

## INDIVIDUAL BIBLIOGRAPHIES

If you are doing in depth research on an author, the best place to begin your search is with a bibliography devoted to the work of that author. Bibliographies will frequently be divided up by the titles of poems, stories etc. and will direct you to criticism on a particular work. Disadvantages are that bibliographies may not be up to date; you will need to use additional sources if you need recent or current criticism. Also, they are not available on every author.

Use ALADDIN to find bibliographies concerning the works of a specific author. Type s/ (for a subject search for books about an author), and then enter the author's last name and first initial. Example:       At this point, scan the list of the author's name and birth (and death) dates for the subheading --bibliography:

## BOOK REVIEWS

For some authors, book reviews may be the only source of criticism you will be able to find. For other authors, book reviews are excellent supplements to the information located in books and reference works.

The two best sources for book reviews are:

INDEX	<u>Book Review Digest</u>
Z	
1219	" <u>Book Review Digest</u> provides excerpts and
C95	citations to reviews of current fiction and
	non-fiction written in English. Arranged
	by author and then by book title. Use the
	index for the year your book was first
	published and the following year's index.
	Yearly since 1905.
INDEX	<u>Book Review Index</u>
Z	
1035	Indexes more sources than <u>Book Review Digest</u> ,
A1	but does not provide excerpts. Begins with
B6	1965. 1965 through 1968 are yearly volumes.
	1969 through 1979 are cumulated and after
	that the index is again yearly. Entries are
	arranged by author and then by book title.
	Codes for sources are explained in the front
	of each volume.

See also the book review sections at the ends of:

Humanities Index (INDEX AI3 R492)

Library Literature (INDEX Z666 S211)

InfoTrac is also an excellent source for book reviews written within the past five to ten years. Select the **keyword** option for your search. Type one word from the author's name and one significant word from the title of the book. Be sure to use all three parts of the index--the current and backfile of the General Periodicals Index and the Newspaper Index.

## PERIODICAL INDEXES

Most journals are indexed in one or more periodical indexes. Indexes range from the very broad in scope to those more specialized by discipline. Indexes are generally arranged alphabetically by subject; relevant citations follow each heading. The citation includes:

Writers as dissimilar as Langston Hughes, Claude Brown, Ann Shockley, Kristin Hunter, and James Baldwin have portrayed black women preachers. Their composite image is negative. The Reverend Margaret Alexander in Hughes's play *The Amen Corner* is one example of a woman who, even when she is powerful in the pulpit, is inadequate in private life. Characterization of the women generally parallels that of male black ministers. The prevailing authorial attitude, however, is that women in the pulpit are misplaced.

MLA

Part 2 is arranged in alphabetical order by subject and serves as an index to part 1. In the examples below, the Roman numeral refers to the volume of Part 1 and the rest of the number to the specific entry.

Part 2 indicates the CLASSIFIED section in PART 1 for a give author or entry and also lists entries that will not be found directly under the author's name. Full citations are in Part 1.

BALDWIN, JAMES (1924-1987)

*See also classified section:* 1:8202 ff.

American literature. Fiction. 1900-1999.

Wright, Richard. Treatment of rape compared to BALDWIN, JAMES; Morrison, Toni. Dissertation abstract. 1:10443.

NOTE: Prior to 1981 MLA was a one volume index and was arranged somewhat like Part 1 is now. There was no subject index. You need to know the country and language appropriate to the author and then look alphabetically by his or her name. Subject entries come before author entries in each division.

## MLA on CD-ROM

The easiest way for you to search recent journal articles on the works of an author or a literary topic will be to use the computerized version of MLA International Bibliography. The volumes since 1981 to within a few months of the present are available in CD-ROM format (compact disk, read only memory). This version of the MLA contains a year or so more information than the printed index. You may search by author, title of work, and by keyword. Two keywords, such as an author's last name and a theme or an identifying word from a title or theory, may be combined using "boolean" commands ("and," "or"). You will not need to search on the word "criticism" because just about everything in the index refers to criticism.

You may limit your search by language, by publication type, and by date of publication. There is a handout near the machines which explains how to use the various searching strategies. You will need to make an appointment in advance to use MLA on CD-ROM. You will also need a current ID card and a "clean" record in ALADDIN. If you need assistance a librarian will help you.

### Notes and WORD OF WARNING:

1. Both the printed and the computerized versions of the MLA International Bibliography contain references to books and dissertations as well as to articles. Atkins library does not have any of the dissertations. These will be listed as DAI in the printed version and Dissertations Abstracts International in the computerized version of the index. You can limit a search in the computer to find references to periodical articles and books, but not dissertations. The books listed are books of essays. Check for them in ALADDIN by the title of the book (not the book chapter) or by the editor's name (comes after the word "IN" in the CD version). Also, there are many foreign language articles in the index. Remember, you should limit your search by language when using the CD. If we do not have the source you need, you may try to get it via Interlibrary Loan (this takes 2 to 4 weeks).

2. Finally, do not depend on either version of the MLA for all of your research. In many if not most cases, there will be better and easier sources of information to in books and reference books. The MLA is important for recent information.

## P.A.S.L. Periodicals and Serials List

P.A.S.L. is a computer printout listing of all periodicals and serials owned by Atkins Library. Look here to see if the library has the periodical you need.

There are two versions of P.A.S.L. The green covered P.A.S.L. is a computer print-out which lists the periodicals currently received by the library. Periodicals (magazines, journals, newspapers, yearbooks and other annuals) are listed alphabetically by title. Each entry gives information on the volumes and years of a periodical owned by the library, the format in which it appears, and the call number.

If you do not find a journal title in the green covered P.A.S.L., check the blue one, or check the title on an ALADDIN terminal. P.A.S.L. copies are located on the first floor in the reference area and on the second floor in the periodicals collection area.
